Henry's Hills 2022 - Wairarapa - New Zealand Sauvignon Blanc

When asked how he gets the particular flavours in his wines, Paddy Borthwick replies that he doesn't get it – it's what he's given. A combination of ancient, stony, alluvial soils, a good difference between day and night temperature, cool fermentation and stirring on lees for five months with little interference in either the vineyard or the winery give us this Sauvignon Blanc full of personality. In Paddy's words: "We like to keep it simple in the vineyard, allowing the vines to give the expression."

 €39.00  €10.50

La Sapata 2021 - Podgoria Sarica Niculitel DOC - Romania Aligoté ORGANIC, BIODYNAMIC

We got a surprise when we found this Aligoté, traditionally the ugly duckling grape of Burgundy. Rarely seen outside of Burgundy, not to mention outside of France. Organically grown. Gentle press and fermented in temperature-controlled stainless steel tanks for 4 months. Lively, fresh, zesty and aromatic.

 €39.00

Bodegas Val do Sosego 2021 - Rías Baixas DO, Spain Albariño VEGAN

After fermentation, it is racked, separating the clear wine from lees, before being filtered and bottled and leaving a clean wine with some great mid-palate richness. It is bursting with ripe pears and white peach, and is held together by sparkling acidity.

Little Rascal 2020 Goulburn Valley - Victoria, Australia Shiraz ORGANIC

This is full, juicy wine with rich chunky red blackberry fruit. A very fruit-driven Shiraz that is fresh and fruity despite being full-bodied and rich. The weight on the palate is satisfying and matches the purity of the fruit flavours from its organic production.

€54.00

Gouguenheim 2021 - Mendoza, Argentina Pinot Noir ORGANIC

Great Pinot which really benefits from the huge difference in night and day temperatures while growing. From vineyards cultivated at an altitude of more than 3,600 feet above sea level, one of the highest estates in Mendoza, melt-waters from the snowy Andes provide irrigation in this desert region. A vast temperature difference between day and night allows the fruit to ripen slowly, resulting in a wine with concentration and balance.

A step up from prosecco in every way.
